

## Yes/No Phoneme Identification

Dictate the following list of words. Learners are to identify which, if any of the words, contain the specified phoneme (in this case /I/).

Identification methods can range from simply marking “yes” or “no” in notebooks, to more interactive methods such as raising a hand, standing, or making a predetermined sound.

- |            |            |
|------------|------------|
| 1. pick    | 6. peel    |
| 2. leaving | 7. breathe |
| 3. green   | 8. bin     |
| 4. live    | 9. cheap   |
| 5. quiz    | 10. peak   |
