## Culture Class

*To know another's  
language and not his  
culture is a very good  
way to make a fluent  
fool of one's self.*

- Winston Brembeck

**Overview:** In this second session there will be a total of six culture classes. We will be looking at a different aspect of Canada and of Canadian culture in each of the first five classes, and will have a review game in the sixth and final class.

**Objective:** This class is designed to help trainees expand their current knowledge about Canada and its culture while simultaneously introducing new information about Canada, Canada's contributions to the world, and Canada's image and reputation on the world stage.

**Materials:** There is no assigned textbook for the class. The instructor will provide handouts each week. There will also be a Power Point presentation each week. These materials will be available for download from:
